

«Who owns the information, that owns the world!» - the wise proverb says. Operative information interchange pledge of quality of educational services given WKSU named M.Utemisov. Therefore for effective information interchange and introduction of electronic document circulation between university divisions the Intranet-site (an internal site) university on which duty regulations are placed, positions about divisions, documents of systems of management (CMK/CЭM), the telephone directory, the electronic addresses allowing a message operative office-work operates. By means of an Intranet-site structural divisions of university in due time receive the information on changes and additions brought in the high school documentation.

Welcome to the Intranet WKSU site!
